DOVER CONVENTION

Twelfth District Has Splendid Meeting—Large Delegation Present

The Twelfth District Christian Women's Board of Missions and the Bible Schools of the same District, composed of the counties of Bracken, Fleming, Lewis, Mason and Robertson, held their Convention at the Dover Christian Church Tuesday and Wednesday of this week.

There were over two hundred visiting delegates at Dover, Orangeburg sending the largest number, twenty-nine. Nearly every Sunday-school in the District was represented and the interest and enthusiasm manifested was an inspiration to those having the meeting in charge.

Not only were the District workers there, but on Wednesday the Convention was favored with the presence of State Evangelist Praeger and Mr. Robert M. Hopkins, both prominent in Church work throughout Kentucky and elsewhere.

The following Bible School officers were chosen for the ensuing year—

President—Rev. T. P. Degman, Springdale.
Vice President—Rev. M. Phantel, Brooksville.
Secretary and Treasurer—Miss Wallingford, Elizaville.

The District Convention next year will be held at Mt. Olivet.

Laxative Sent

Free to Try

It may be taken for granted that there is no family of any size that goes very long without needing a laxative. If you don't know of a good laxative, or the laxative you are using is losing its effect, we want to call your attention to Dr. Caldwell's Syrup Pepsin, which thousands of families are using successfully.

We have scores of letters from mothers, and scores from prominent men saying they are using it personally and giving it to their families, men like Mr. C. K. Smith of the Traffic Clearing House, Pine Bluff, Ark., and Mr. George B. Turner, a lawyer of Harlan, Ky. The thousands of mothers who use it themselves and give it to their children would take too much space to mention. The reason they prefer Syrup Pepsin is that it is a mild, gentle laxative, one that does not grip—effective and yet so mild that babies can take it. Its tonic ingredients invigorate the body and strengthen the stomach and bowels, so that they again do their work naturally. If you have been a victim of salts, pills and strong cathartics you will discard them when you once use Syrup Pepsin.

You can buy a fifty cent or one dollar bottle of any druggist, but before doing so you may want to try it free. If so, send your address to Dr. Caldwell and he will promptly forward a free sample bottle. Then, being convinced, do as others are doing and buy it in the regular way of your favorite druggist.

Dr. Caldwell does not feel that the purchase of his remedy ends his obligation. He has specialized in stomach, liver and bowel diseases for over forty years and will be pleased to give the reader any advice on the subject free of charge. All are welcome to write him. Whether for the medical advice or the free sample address him Dr. W. B. Caldwell, 541 Caldwell Building, Monticello, Ill.

THAT AWFUL BACKACHE

Cured by Lydia E. Pinkham's Vegetable Compound

Morton's Gap, Kentucky.—"I suffered two years with female disorders, my health was very bad and I had a continual backache which was simply awful. I could not stand on my feet long enough to cook a meal's victuals without my back nearly killing me, and I would have such dragging sensations I could hardly bear it. I had soreness in each side, could not stand tight clothing, and was irregular. I was completely run down. On advice I took Lydia E. Pinkham's Vegetable Compound and Liver Pills and am enjoying good health. It is now more than two years and I have not had an ache or pain since. I do all my own work, washing and everything, and never have the backache any more. I think your medicine is grand and I praise it to all my neighbors. If you think my testimony will help others you may publish it."—Mrs. OLLIE WOODALL, Morton's Gap, Kentucky.

Backache is a symptom of organic weakness or derangement. If you have backache don't neglect it. To get permanent relief you must reach the root of the trouble. Nothing we know of will do this so surely as Lydia E. Pinkham's Compound.

Write to Mrs. Pinkham, at Lynn, Mass., for special advice. Your letter will be absolutely confidential, and the advice free.

Deafness Cannot be Cured by local applications, as they cannot reach the diseased portion of the ear. There is only one way to cure deafness, and that is by constitutional remedies. Deafness is caused by an inflamed condition of the mucous lining of the Eustachian tube. When this tube is inflamed you have a rumbling sound or imperfect hearing, and when it is entirely closed, deafness is the result, and unless the inflammation can be taken out and this tube restored to its normal condition, hearing will be destroyed forever; nine cases out of ten are cured by Catarrh, which is nothing but an inflamed condition of the mucous surfaces.

We will give One Hundred Dollars for any case of deafness (caused by catarrh) that cannot be cured by Hall's Catarrh Cure. Send for circulars free. F. J. CHENEY & CO., Toledo, O. Sold by Druggists, 75c. Take Hall's Family Pills for constipation.

DEED MADE

For Site For Mammoth New Loose Leaf Tobacco Warehouse

Yesterday afternoon the deal was closed by which the heirs of Daniel Shafer transfer a plot of ground fronting 165 feet on the South side of East Forest avenue and 700 feet deep to the new Mason County Farmers' Loose Leaf Tobacco Warehouse. The consideration, nominally, is one dollar, but the actual price runs into the thousands and is the biggest sum ever paid for East End unimproved real estate.

It is the plan of the new concern to erect this summer one of the largest leaf tobacco plants in the State, the entire improvement costing over \$50,000.

The dimensions of the structure have not yet been agreed upon but it is known that it will be at least 120 by 450 feet, and built of brick, metal and concrete. The plant will be finished in time to market this year's tobacco crop.

A CORROBORATION

OF INTEREST TO MAYSVILLE READERS

For months Maysville citizens have seen in these columns enthusiastic praise of Doan's Kidney Pills by Maysville residents. Would these prominent people recommend a remedy that had not proven reliable? Would they confirm their statements after years had elapsed if personal experience had not shown the remedy to be worthy of indorsement? No stronger proof of merit can be had than cures that have stood the test of time. The following statement should carry conviction to the mind of every Maysville reader:

M. C. Chisholm, 317 East Second street Maysville, Ky., states:

"The cure Doan's Kidney Pills effected in my case some years ago has been permanent, and the public testimonial I then gave in their praise still holds good. I was bothered a great deal by too frequent passages of the kidney secretions, this being especially annoying at night, when I was obliged to arise several times. Having my attention called to Doan's Kidney Pills, I procured a box at J. J. Wood & Son's Drugstore, and had taken them only a short time before I noticed a marked improvement. They soon cured me, and I have since learned of several other cases where Doan's Kidney Pills have been used with good results."

For sale by all dealers. Price 50 cents. Foster-Milburn Co., Buffalo, New York, sole agents for the United States.

Remember the name—Doan's—and take no other.

YOU ARE NOT SO WISE

As you might be if you still judge values by prices instead of by qualities. What you pay for flour, for instance, does not matter so much as what you get for your money. If you buy flour you'll get real value much greater, in fact, than 10 you paid a little less and got a great deal worse. "Get wise." Use Maczolla.

Gleason was remanded to jail and, it is understood, will ask for a new trial.

Toppled Over

Yesterday afternoon an open car, containing about 250 bushels of blacksmith coal belonging to McDaniels & Co., was being placed on a siding in the L. and N. yards. The truck bolts broke and the car toppled over on its side, dumping the coal on the ground. The accident blocked the side track for several hours. No great damage was done, however.

A Tree From Each County

A plan will be suggested to the State Capitol Commission by Hon. Frank P. James, State Auditor, to set aside one day as "tree day," when each county in the State will be invited to go to Frankfort and plant a tree on the Capitol grounds. The landscape architect in charge wanted an appropriation of \$27,000 to plant trees on the grounds. This is not available. Mr. James thinks it would be a saving to the State and also that the idea would appeal to the people of the State to have each county plant a tree to be known by the name of that county. This would give the Capitol at least 110 trees and each county could plant more than one if desired. Schools and societies also would be invited.

Cheapeake and Ohio Railway Directors will meet today to set on the quarterly dividend, due to be paid about June 30th. The usual 1 1/2% will be declared.

Panama Canal Bonds

Secretary MacVeach this week invited popular subscriptions to a \$50,000,000 issue of Government Bonds to reimburse the treasury general funds for expenditure on account of the Panama canal. The new securities will bear 3% interest, payable quarterly; will be free from all National, State or municipal taxation and will be in denominations of \$100, \$500 and \$1,000. They will be dated June 1st, 1911, and will be payable in fifty years.

Reduce the Cost of Heating

With living expenses in general climbing higher, Underfeed Warm Air Furnaces and Steam and Hot Water Boilers are reducing the cost of heating to the lowest possible notch. In thousands of American homes clean, even heat is enjoyed at least cost. The Underfeed has made this possible. There's no guess work about it.

THE WILLIAMSON UNDERFEED FURNACES AND BOILERS

Are the most economical heating plants on the market. Cheapest slack, which would smother the fire in an ordinary heater, yields as much heat as highest priced coal. The Underfeed coal-burning way is responsible for this seeming miracle of economy. Coal is pumped from below. All the fire is on top. Smoke and gases, wasted in the heaters, must pass through the flames and are consumed, being turned to practical account in heating the building. This enables Underfeed furnace and boiler users to

SAVE 10% TO 25% OF COAL BILLS.

A Bracken county user, Mr. J. T. P. Watson, Brooksville, Ky., has this to say of his Underfeed experience:

"The Underfeed Furnace is all you claimed it to be. It is giving perfect satisfaction. \$25 worth of coal will heat the entire house, ten rooms, for the season. The flowers in our living room have been blooming continually and look like hot-house plants. Write today for free booklet on Underfeed Warm Air, Steam, and Hot Water Heating Systems. Our representatives will be glad to call any time and make you a detailed proposition. Special inducements for those who buy now."
